This letter is my personal recommendation for Slice It LLC. I have been using their services for the past year, and I have always been satisfied with the quality of the work and the amount I've paid. They have been the most professional and intelligent landscaping team that we have worked with.

Jeff and his team are dedicated and professional, and are not interested in doing something simply so they can charge you for it. Instead, they work carefully with you, and together you decide on the best approach for your yard. This is how a business like this should be run.

Slice It LLC is easily the best landscaping company that I have worked with, and it would be a mistake not to hire them as soon as possible.
